IMM Revision: Undeliverable Items

We are revising *Mailing Standards of the United States Postal Service, International Mail Manual (IMM®)* part 781 to implement new standards for returned undeliverable-as-addressed items that were posted abroad with a United States return address. This revision is consistent with the *Federal Register* final rule published January 14, 2008 (Volume 73, Number 9).

When items are posted abroad with a United States return address, the Postal Service™ provides the return service but previously received no payment for the services rendered. This final rule implements collection of a fee for these returned items.

[Revise the heading of 781 as follows:]					
781	Payment Required				

[Add new 781.1 (using text from the previous 781) as follows:]

781.1 Postage Payment Required

Payment of U.S. postage is required to secure delivery of mail when the mailing is by or on behalf of a person or firm that is a resident of the United States and the foreign postage price applied to such items is lower than the comparable U.S. domestic rate.

[Add new 781.2 as follows:]

781.2 Handling Charges

Undeliverable-as-address mail returned to the sender for which outbound postage was not paid to the U.S. Postal Service is subject to the payment of handling charges. On delivery to the sender, the sender may be charged the First-Class Mail International rate for the weight and shape of the returned piece.

We are incorporating this information into the online version of the IMM, which can be accessed via Postal Explorer® at <http://pe.usps.com>. Also, the printed edition of IMM 35 (dated May 12, 2008) will indicate this information.

POM Revision: Collection Schedules

Effective July 17, 2008, the *Postal Operations Manual* (POM), Section 325.4, Collection Schedules, is revised to provide clarification that an Express Mail® shipment dropped in an Express Mail collection box is a guaranteed product. The shipment receives the same service commitment as an Express Mail shipment mailed at retail acceptance sites based on cutoff times and destination ZIP™ Codes.

325.4 Collection Schedules

[Revise 325.4 to read as follows:]

Collection schedules must be set in order to provide the latest possible collection consistent with local acceptance

and dispatch capabilities. Express Mail shipments deposited into Express Mail collection boxes before the posted collection time receive a Next or Second Day Express Mail service guarantee. There is no product differentiation between shipments placed in an Express Mail collection box and those accepted at a retail counter.

A philatelic postmark is an official postal postmark that contains the Post Office name, city, state, ZIP Code, and date (month, day, and year) of the canceling Post Office

that accepted custody of the mailpiece(s), except as provided in sections 231.61 and 231.7.***

231.2 Policy

231.21 Publicity

[Revise 231.21 to read as follows:]

The Postal Service makes philatelic postmarking services widely known to customers and collectors by publicizing them in the *Postal Bulletin*.

231.22 Backdating and Predating

It is Postal Service policy to prohibit backdating of mail except:

* * * * *

[Revise item d as follows:]

- d. As noted in references to first day of issue, first day of sale, and pictorial postmarks provided in parts 232, 233, and 234.

[Revise the title and text of 231.23 to read as follows:]

231.23 Staffing Availability and Training

A sufficient number of Postal Service employees should be available to provide speedy service. To provide hand-stamped postmarks of philatelic quality, Postal Service employees should be trained in advance. Refer to section 231.3 for philatelic postmarking procedures.

231.3 Cooperation With Collectors**231.31 Postmarks**

[Revise the last sentence of 231.31 to read as follows:]

***However, stamps must be postmarked sufficiently to protect Postal Service revenue.

231.32 Special Attention

[Add new last sentence to 231.32 to read as follows:]

***To avoid being postmarked in the mailstream, items should be trayed or bagged separately and flagged “non-machineable” before sending to mail processing.

* * * * *

231.34 Hand-Stamped Postmarks

[Revise the last sentence of 231.34 to read as follows:]

***For more information, refer to Handbook PO-230, *Pictorial Postmarks*.

231.35 Philatelic Covers

[Add new last sentence to 231.35 to read as follows:]

***To avoid being postmarked in the mailstream, items should be trayed or bagged separately and flagged “non-machineable” before sending to mail processing.

231.36 Defacing Philatelic Covers

[Revise 231.36 to read as follows:]

Postal Service employees should ensure that philatelic covers are not over-postmarked; back-stamped, marked “received this date,” or otherwise defaced on front or back; used as a top piece in a bundle for destination-package labeling purposes; or bent, folded, mutilated, or damaged by rubber bands.

231.4 Hand-Back and Mail-Back Service

[Revise 231.4 to read as follows:]

Postmarks should be used to provide the following philatelic services whenever they are available:

a. Hand-back Service

- (1) When a customer personally presents an addressed or unaddressed envelope, postal card, or other item described in section 231.63 to a

Postal Service employee for postmarking, the Postal Service employee must examine the item to ensure that it is clearly intended for philatelic purposes. Bill payments, tax returns, applications, and/or other date-sensitive mail cannot be handed back. Only after careful examination should a philatelic item be postmarked and handed back to the customer/collector.

- (2) The envelope, card, or other item does not enter the mailstream. All such materials requesting postmarking must bear uncanceled postage at the applicable First-Class Mail® rate. If the customer wants to mail the postmarked item, it must be trayed or bagged separately, and flagged “nonmachinable” to avoid being over-postmarked in processing.
- (3) This service may be provided by special die hub or flyer machines only when that particular postmarking machine is readily accessible to the Postal Service employee and only when providing such service does not interfere with other sales or mail processing operations and/or does not inconvenience other customers.

b. Mail-back Service

Mail-back service refers to the pictorial postmarking service for stamp dealers and collectors and it allows envelopes, cards, or other items submitted for servicing to be returned in bulk through the mail. To avoid over-postmarking or getting marred in the mail, stamp dealers and collectors must provide either a self-addressed stamped envelope or box for returning the serviced items. For customers submitting fewer than 50 covers who have not enclosed a self-addressed stamped envelope, the postmaster may choose to furnish a protective cover using a G-10 label. See subchapter 25 for more information pertaining to Philatelic Cover Servicers and Cachet Makers.

[Revise the title and text of 231.5 and delete 231.51 and 231.52 to read as follows:]

231.5 Permissible Postmarking Devices and Hand-Stamped Postmarking for Collectors

The postmark devices shown in Exhibit 231.5 may be used to provide hand-stamped postmarks for collectors.

[Replace Exhibit 231.5 with new exhibit:]

Exhibit 231.5**Hand-Stamped Postmarks**

- a. Standard postmark with killer bars (Item 550)

- b. Circular postmark without killer bars

- c. First-day-of-issue postmark at Post Office where item first issued

- g. Philatelic Center postmark

- h. Thematic postmark

GRAPHICS NOT TO SCALE

231.6 Philatelic Postmark Policy**231.61 Date and Place of Postmarking**

[Revise the third and fourth sentences of 231.61 to read as follows:]

***The postmaster or designee may determine that local processing capability requires philatelic postmarking services be performed at an office other than the Post Office of the official postmark. In this case, all materials to be postmarked must be received at or deposited in the Post Office where the postmark is being used or at the office designated by the postmaster or designee.

231.62 Preparation Requirements

[Revise 231.62 to read as follows:]

Postcards and envelopes submitted through the mail must bear postage at the applicable First-Class Mail first-ounce rate and have complete addresses, except as provided in

section 231.4. Materials submitted for hand-back service need not be addressed.

231.63 Special Materials on Which Postmarks May Be Requested

***The following materials may be canceled as indicated:

* * * * *

[Revise items d and g to read as follows:]

- d. *Previously Canceled Stamps and Multiple Pictorial Postmarks.* Items bearing previously canceled stamps and postmarks are acceptable for additional postmarks when uncanceled postage equaling or exceeding the First-Class Mail first-ounce rate is affixed. Any covers submitted for servicing and return through the mailstream will not be entered into the mailstream until the date appearing on the postmark.

* * * * *

- g. *Foreign Postage Stamps.* Unused foreign postage stamps may be postmarked with a U.S. Postal Service postmark only when unused First-Class Mail first-ounce U.S. postage is postmarked with the same stroke.

231.7 Holding the Mail

[Revise 231.7 through 231.9 to read as follows:]

Postmasters may hold collectors' philatelic items for postmarking on a later or specified date. Postmasters should not hold mail for an event where the date of occurrence is not certain; for an event that the date is subject to change; or for postmarking on a day that the Post Office is closed.

231.8 Machine Postmarks

Post Offices may machine-cancel (using a flyer machine), philatelic items with a regular postmark when the envelopes are unaddressed or when the customer requests hand-back service, as provided in section 231.4. Collectors requesting postmarking of bulk items must provide either a self-addressed stamped envelope or box for returning the serviced items. For customers submitting fewer than 50 covers who have not provided a self-addressed stamped envelope, the postmaster may choose to furnish a protective cover using a G-10 label. See subchapter 25 for more information pertaining to Philatelic Cover Servicers and Cachet Makers.

231.9 Hand-Stamped Postmarks

Circular hand-stamped postmarks with or without killer bars may be provided upon request at Post Offices and/or station or branch offices. These postmarks are available each day that the office is open for business. Postmarking requests must be at the Post Office offering the service on the date of the postmark to qualify for this service.

[Revise 232 to read as follows:]

232 First Day of Issue

232.1 First Day of Issue Sales Policy

For each new stamp or stationery item being issued, a designated Post Office is assigned as the official first day of issue city. For purposes of this section, the word "issue" means postage stamp, stamp booklet, booklet pane, postal card, postal stationery, or stamped envelope.

232.2 Notification

Individual stamp issues are announced through news releases distributed to the press, to the philatelic media, and by print to radio and television. Stamp and postal stationery announcements are periodically updated in the *Postal Bulletin* and on the Web at www.usps.com.

232.3 First Day of Issue Postmarks

First day of issue postmarks are provided by designated Post Offices for each new stamp or stationery item being issued. The postmark reflects the official issuance date and location. First day of issue postmarks may be either metal die, rubber composition, or digitally produced in color. In each postmark, the words "First Day of Issue" appear in the design. Requests for first day of issue postmarks must be postmarked no later than 60 days from the issuance date to qualify for servicing. When the conventional first day of issue postmark cannot cancel all the unused stamps on an item presented for postmarking, a Bull's-eye (1-inch) postmark is used.

232.4 Ordering Procedures

All covers must bear addresses to the right side of the envelope and at least 5/8 inch up from the bottom of the envelope. Requests must be postmarked no later than the date specified in the media announcement (see section 232.2) to qualify for postmark service. As a free service, this is limited to 50 postmarks. Postmasters should charge 5 cents per postmark for more than 50 items. Customers who want first day of issue postmarks of new stamps have two ordering options:

- a. Collectors may buy stamps from their local Post Office, affix the stamps to their own envelopes, and mail them under separate cover to the postmaster at the city of issuance for postmarking. Envelopes submitted by collectors must be of ordinary letter size and must be properly addressed. Collectors should place a filler (of postal card thickness) in each envelope and turn in or seal the flap of the envelope.
- b. Collectors may order first day covers without cachets by mail, telephone, or through the Internet, from Stamp Fulfillment Services. Each first day of issue cover will have an individual item number and is offered through the *USA Philatelic* catalog produced by Stamp Services. Item numbers and ordering instructions are also provided in news releases announcing the new stamps. The price of the Postal Service's first day covers will vary depending upon the denomination and number of stamps affixed. Remittance for mail orders can be made by money order, cashier's check, certified check, or personal check made payable to the U.S. Postal Service or by credit card as indicated in the *USA Philatelic* catalog. Cash must not be sent. Neither postage stamps nor foreign coins and currency are accepted. Any orders containing such remittance will be returned unserved. First day of issue covers remain on sale for at least 1 year after a stamp is issued.

232.5 Bulk Orders

The Post Office that services first day covers will accept only stamp-affixed envelopes. For bulk affixing and postmarking requests, customers should contact Stamp Fulfillment Services.

232.6 Hand-Stamped Postmarks

Hand-stamped postmarks are applied on covers at the location of the first day ceremony, at the designated first day of issue Post Office, and on covers that cannot be fully postmarked by Postal Service postmarking machines.

232.7 Hand-Back Service

Philatelic materials to be canceled must be presented to the designated first day Post Office or ceremony location.

232.8 Unacceptable Covers

The issuing Post Office must not provide postmarking service on covers submitted through the mail that are unaddressed, bear stamps issued after the requested postmark date, or bear only previously postmarked stamps.

232.9 Postmarking Deadlines and Unofficial First Day Covers

The deadline for submitting covers for first day of issue postmarks is 60 days from the first day of issuance date. Any exceptions must be authorized by Stamp Services.

Stamps acquired at the first day Post Office may be canceled at any Post Office. Envelopes containing new stamps canceled on the first day of sale at a Post Office other than the issuing office are known as unofficial first day covers or first day of sale covers. See part 233 for further information on first day of sale postmarks.

[Renumber 233 through 235.2 as 233 through 236.4 and revise as follows:]

233 First Day of Sale Postmark**233.1 First Day of Sale Postmark Policy**

This official postmark offers customers a collectible postmark to commemorate the first day of sale for all new stamps and stationery items. Participation by postmasters/Post Offices in this postmarking service is voluntary; however, postmasters/Post Offices are encouraged to participate. The first day of sale postmark provides postmasters the opportunity to promote the sales of new stamps and stationery products in their communities and it supports the hobby of stamp collecting.

233.2 Notification

All new stamps and stationery items are announced in the *Postal Bulletin* and through news releases distributed to the press and to the philatelic media. No national listing of Post

Offices participating in first day of sale postmarking will be maintained.

Customers/collectors will have to contact individual postmasters/Post Offices to find out if they are participating in the postmarking service. Postmasters wishing to promote this program locally will need to contact their local Public Affairs and Communications office for assistance.

233.3 First Day of Sale Postmarks

This postmark is provided by Post Offices nationwide on the first day that new stamps and stationery items are placed on sale. The postmarking device reflects the official first day of sale date and the city, state, and ZIP Code of the postmarking office.

The first day of sale postmark comes in two formats:

- a. Size A: Self-inking postmark for Post Offices with 13 or fewer characters in their Post Office name (characters include the comma and spacing between the Post Office name and its state abbreviation).
- b. Size B: Rubber composition hand changeable date stamp for Post Offices having over 13 characters in their Post Office name (characters include the comma and spacing between the Post Office name and its state abbreviation).

Customers may request a first day of sale postmark in person or by mail to the postmaster. Requests for first day of sale postmarks must be presented to the Post Office or postmarked no later than 90 days from the first day of sale date to qualify for service.

233.4 Ordering Procedures

Customers requesting first day of sale postmarks have two ordering options: hand-back service and mail-back service.

233.41 Hand-Back Service

When a customer personally presents a stamped addressed or unaddressed envelope, postcard, or other item described in section 231.63, to a Postal Service employee for postmarking, the item can be postmarked and handed back to the customer.

All such materials must bear uncanceled postage, which includes the new first day of sale stamp, at the applicable First-Class Mail rate. The postage to be postmarked may not include any newly released stamps that may have been issued after the requested official first day of sale postmark date.

This postmark is provided only for philatelic purposes and should not be used to postmark bill payments, tax returns, applications, and/or other date-sensitive mail. Only after careful examination should a philatelic item be postmarked and handed back to the customer/collector.

In most cases, the philatelic envelope, card, or other item does not enter the mail. However, on occasion, a customer may request that their properly addressed and postmarked item be placed into the mailstream. In such cases, this can only be done on the official first day of sale date. Retail associates should ensure that items with first day of sale postmarks are trayed separately and flagged “nonmachinable” when sending to mail processing.

Hand-back service may be provided only when such service does not interfere with other retail sales, mail processing operations, and/or does not inconvenience other customers. Postmasters, at their discretion, may offer hand-back service or make arrangements with a customer for drop-off and pick-up service for items.

233.42 Mail-Back Service

Customers may buy first day of sale stamps at their local Post Office; affix the stamps to their own envelopes, postcards, or other items described in section 231.63; and mail the items under separate cover to a participating postmaster/Post Office for first day of sale postmarking. All requests must include a self-addressed postage-paid envelope to return the first day of sale postmarked items.

All such materials must bear uncanceled postage, which includes the new first day of sale stamp, at the applicable First-Class Mail rate. The item to be postmarked may not include any newly released stamps that may have been issued after the requested official first day of sale postmark date.

This postmark is provided only for philatelic purposes and should not be used to postmark bill payments, tax returns, applications, and/or other date-sensitive mail.

The items with first day of sale postmarks applied must be returned under protective cover. For customers submitting less than 50 covers who have not enclosed a self-addressed stamped envelope, the postmaster may choose to furnish a protective cover using a G-10 label. See subchapter 25 for more information pertaining to Philatelic Cover Servicers and Cachet Makers.

Mail-back service should not interfere with other retail sales or mail processing operations and should not inconvenience other customers.

233.5 Servicing Fees

As a free service, postmarking is limited to 50 items. For those postmarking requests of more than 50 items, postmasters should charge 5 cents for each postmark.

234 Pictorial Postmarks

Pictorial postmarks may be offered by the Postal Service to commemorate local events celebrated in communities throughout the nation. These postmarks contain the name of a temporary philatelic station, city, state, ZIP Code, and the month, day, and year of the postmark. These postmarks may feature wording and/or graphics relating to

fairs, conventions, or other various types of local celebrations. See Handbook PO 230, *Pictorial Postmarks*, for more information.

234.1 Sponsors

Pictorial postmarks are requested by sponsors or organizers of local events and are authorized to be used only at temporary retail stations and at other philatelic outlets.

234.2 Postmarking Methods

Devices used for pictorial celebrations are generally hand stamps, except when volume requires the use of machine postmarking. There is no charge to the sponsor for the production of the hand stamp or for the Postal Service's staffing of the temporary station. For assistance in bulk machine postmarking, postmasters should contact the manager, Stamp Fulfillment Services.

234.3 Criteria

Collectors may obtain pictorial postmarks at a temporary retail station established at an event or at a philatelic outlet, on the actual date of the requested postmark. Additionally, such postmarks may be requested by mail. Mail-in requests must be postmarked no later than 30 days following the requested postmark date to qualify for this service. Any exceptions beyond the 30 days must be approved by Stamp Services.

234.4 Authorization

Postmasters may request authority from the district manager or designee to provide postmarking service at temporary retail stations. Only the standard circular postmark will be provided unless the sponsors or organizers request and receive approval for a pictorial postmark. Organizers must apply to the postmaster for use of a pictorial postmark at least 10 weeks before the event. The sponsors or organizers must also provide a design and finished artwork for the requested postmark.

All temporary retail stations and pictorial postmark designs require the approval of the postmaster and the district manager or designee. Postmasters and district managers and or designees reviewing requests for temporary retail stations and pictorial postmark designs must ensure that all applicable Postal Service requirements are met.

Different postmarks for each day of an event are permitted only for international philatelic exhibitions. Any exceptions must be authorized by Stamp Services.

234.5 Requirements

234.51 Required Information and Dimensions

All postmarks must carry the name of the temporary station (the name of the exhibition or event, followed by the word “Station” or “Sta.”), month, day, year, and city, state, and ZIP Code of the actual location of the temporary philatelic station. Overall dimensions must not exceed 4 inches horizontally and 2 inches vertically.

234.52 Approved Subject Matter

Illustrations, wording, and designs featured on pictorial postmarks must directly reflect the event being commemorated. Postmarks that promote the sale or use of private, nonpostal products or that endorse or involve the ideals, policies, programs, products, campaigns, or candidates of religious, antireligious, commercial, political, fraternal, trade, labor, public interest, or special interest organizations may not be approved.

Postmarks may be approved to recognize events such as meetings, exhibitions, or conventions sponsored by or involving such organizations, provided that their designs do not include words, symbols, or illustrations referring to ideals, policies, programs, products, campaigns, or candidates. If there is doubt about whether a proposed postmark meets these requirements, Stamp Services should be consulted prior to granting approval.

234.53 Publicity

The district manager or designee must submit a PS Form 413, *Pictorial Postmark Announcement/Report*, which includes a reproducible copy of the approved pictorial postmark (actual size), to Stamp Services for publication in the *Postal Bulletin*. All reports should include the date(s) that the temporary retail station is to be open, the sponsor's name, name of the temporary retail station, the complete mailing address for customers requesting the pictorial postmark by mail, and a reproducible copy of the pictorial postmark. PS Form 413, along with copies of pictorial postmarks, must be submitted to Stamp Services at least 2 months prior to the postmarking date. Any exceptions to the 2-month notice must be approved by Stamp Services. See Handbook PO-230 for more information.

234.54 Equipment

Pictorial and standard postmarks should be applied by rubber hand stamps purchased by the host Post Office or district office.

234.55 Service Limitations

Hand stamping as a free service is limited to 50 postmarks for any individual or group. For those postmarking requests of more than 50 items, postmasters should charge 5 cents for each postmark.

234.56 Use and Disposition of Hand Stamps

Pictorial postmark hand stamps, like other canceling devices, may be used only under the supervision of authorized Postal Service personnel and must be returned by the postmaster to the district manager or designee 6 months after close of the event allowing Post Offices enough time to handle replacement requests. The district manager or designee must destroy the postmarking device upon receipt.

234.57 Special Requests to Retain Hand Stamps

Requests from sponsors to retain pictorial postmark hand stamps for purposes of placement in a museum, historical site, or for any other appropriate use, must be approved by the district manager. Before release to the sponsor, the hand stamp must be defaced in such a way that it can be recognized if used improperly. Copies of the original and defaced postmark designs must be kept on file in the local or district office.

235 Special Mail Processing Postmarks

Special postmarks are cancellations in which a slogan or message publicizes an event. These postmarks are applied by machine to live mail by a mail processing plant. Bulk requests for mail-back service cannot be provided, but postmarks can be provided on addressed envelopes or postal cards that are delivered to addressees through mail delivery. Postmarks of philatelic quality are often not possible. All envelopes must be addressed. Any quantity of envelopes may be submitted, but they are not returned in bulk. See chapter 4 for more information regarding the criteria and use of these mail processing postmarks.

236 Other Special Philatelic Postmarks**236.1 Thematic Postmarks**

Thematic postmarks are temporary rubber hand stamps that are available during the holiday season or during other special occasions throughout the year. This service is available at Post Office windows and is generally used for postmarking mail that is entering the mailstream. The hand stamp is a temporary postmark and is void after the seasonal period.

236.2 Philatelic Center Postmarks

Philatelic center postmarks are permanent rubber hand stamps that are permitted for large city Post Offices with philatelic centers or windows. Postmarking service is available only at authorized philatelic centers or windows and is generally used for postmarking mail entering the mail. The use of philatelic center postmarks outside of a philatelic center or window (e.g., tourist sites and museums) must be reviewed and approved by Stamp Services.

236.3 Military Post Offices

Military Post Offices, including Army Post Offices (APOs) and Fleet Post Offices (FPOs), may hand stamp covers both on a hand-back basis and by mail-order request in conformance with all policies and in accordance with all conditions and procedures stated in this section. The officer in charge at each military Post Office may establish the maximum number of covers individual collectors or dealers may submit. Military Post Offices may also provide pictorial postmarks (see part 234) upon request.

236.4 Special Requests

Requests for postmarks at Postal Service facilities that normally do not postmark mail must be made in writing to the appropriate district manager at least 60 days in advance for area manager authorization and to provide for national publicity. These requirements also apply for requests to postmark at offices that are inaccessible to the public or for requests to postmark at any office on dates when mail is not normally postmarked (for example, Sundays and holidays). Cover servicers, as described in subchapter 25, must submit their requests for pictorial postmarking to the manager, Stamp Fulfillment Services.

Handbook F-15, Travel and Relocation Revision

Effective July 17, 2008, Handbook F-15, *Travel and Relocation*, is revised to clarify approved trips home during extended duty assignments or details.

Handbook F-15, *Travel and Relocation*

8 While You're Traveling

8-1 Allowable Expenses

* * * * *

8-1.9 Trips Home During Extended Travel

* * * * *

8-1.9.1 During Long-Term training

[Revise 8-1.9.1. to read as follows:]

If Your Training Lasts...	Then...
a. 3 weeks or less	None.
b. More than 3 weeks	You must refer to the <i>Employee and Labor Relations Manual</i> (ELM), part 716, for an explanation of what's allowed.

8-1.9.2 During Extended Duty Assignments Or Details

[Revise 8-1.9.2 to read as follows:]

The approving official who approves your expense report determines the frequency of your **paid** intermediate trips home.

Important: A weekend return trip is authorized only to the employee's permanent duty station. Travel to another location must be authorized in advance by the employee's manager. Cost differential in travel between employee's permanent duty station and alternate approved location is absorbed by the employee.

The following chart clarifies when an intermediate trip home is allowed:

If Your Assignment Lasts...	Then You Are Allowed This Many Weekend Trips Home...
a. 3 weeks or less	None.
b. More than 3 weeks and up to 6 weeks	One.
c. More than 6 weeks and up to 9 weeks	Two.
d. More than 9 weeks and up to 12 weeks	Three.
e. Weekend trips for extended duty assignments or details of longer duration are authorized based on the same time increments.	

The Postal Service may allow you to return home every weekend if the total cost of your trip home — including such items as transportation, mileage, parking, and per diem — is less than the cost of staying at your temporary duty station for that weekend. Be sure to have such weekly trips approved in advance and to include a cost comparison with your expense report when you request reimbursement.

If your spouse is traveling with you, see 9-7.1 for information about his or her trip home.

Delivery

Carrier Pickup for Returns

Effective July 21, 2008, the Carrier Pickup™ program is being expanded to include Merchandise Return Service (MRS) and Parcel Return Service (PRS) packages. This expansion meets the need of our merchants and shippers, as well as consumers, who value the convenience of using the Postal Service™.

Customers will now be able to use USPS.com® to schedule a pickup for MRS and PRS packages. Customers will not be required to have an expedited or international package to use this enhancement to the Carrier Pickup program.

Package returns present a growth opportunity for the Postal Service. Expanding Carrier Pickup service provides convenience for merchants and consumers in various ways:

- **Returns.** As Internet shopping continues to grow, consumers can request Carrier Pickup service for items when merchants provide them with labels for MRS and PRS.
- **Recycles.** Consumers concerned about the environment will find it more convenient to recycle old cell

phones, MP-3 players, ink-jet cartridges, and other small electronic devices using these services.

- **Recalls.** Consumers can use Carrier Pickup service in the event of a recall of products that meet the size and weight criteria for mailing when manufacturers provide MRS and PRS labels.
- **Repairs.** Consumers may have items that need to be sent to a facility for repair using MRS or PRS.

The Postal Service is the only delivery service that visits America's 146 million home and business addresses every day. Nobody in the industry can take a package out of the household as efficiently and effectively as we can. Our letter carriers have told us that they leave the station with a full truck and they want to come back with a full truck. Expanding the Carrier Pickup program to include return packages will increase volume and revenue for the Postal Service and job security for postal employees.

Delivery and Retail Service Talk: "Returns" Added To Carrier Pickup Service

The Postal Service™ has a great new opportunity to generate millions of dollars in revenue and attract new customers — it's good for business and good for all of us in the long-term.

Starting July 21, customers can use Carrier Pickup™ service for most parcels being returned, including Parcel Return Service and Merchandise Return Service. There are *no* changes to your current Carrier Pickup procedures, and no changes to scanning at this time.

This enhancement means customers no longer have to go to their local Post Office™ to return a package — they can schedule a pickup online at <http://www.usps.com/pickup> and arrange for Carrier Pickup service at home. Before, they could only request Carrier Pickup service if they also had Express Mail®, Priority Mail® or International Mail items to be shipped. Effective July 21, there will be a fourth option that allows customers to request a pickup for "Return Items."

Again, there are no changes to your Carrier Pickup procedures. When a customer has any product that qualifies for Carrier Pickup service, USPS.com® will notify our delivery unit through My Post Office. The pickup will appear on the Carrier Notification Pickup Form — the same as happens now. The procedure also remains the same: carriers will only pick up packages if the customer has them ready at the time of delivery *and* they are within the carrier's normal line of travel.

We added this option to make the return process easier on our shipper's customers, and to make us a more valuable shipping option than our competitors. It's an excellent opportunity for us, and it's supported by the excellent service you've been providing with Carrier Pickup service all along. Thanks for the good work!

Let's continue to show our customers that nobody can pick up from a home or business more efficiently than USPS®; we are at every address, every day, 6 days a week.

“The 4 Seasons of Success” Business Connect Contest — Quarter 4

“The 4 Seasons of Success” is the Business Connect™ contest that can earn qualified participants great prizes throughout the year. “The 4 Seasons of Success” Business Connect contest coincides with our fiscal year quarters, and winners are selected at the end of each quarter.

Each quarterly season will focus on communicating different products and services. Quarter 4, for Summer FY 2008, runs from July 1, 2008, to September 30, 2008, and is focused on conducting five Business Connect activities discussing shipping services to promote domestic and international packages.

Competition Rules

Qualified participants include postmasters, station managers, managers of customer service, branch managers, and supervisors. Customer relations coordinators, small business specialists, and business development team members are *not eligible* to enter, but they will be critical in the support and success of participants.

Activities throughout the competition will automatically count towards monthly program targets, but to qualify for the contest, activities listed as requirements for that quarterly season must be completed and documented in the Business Connect Data Center. (An activity can be an individual meeting, group presentation, or lobby event.)

After each quarterly season (i.e., after December 31, 2007, and March 31, June 30, and September 30, 2008), the names of all qualified participants (i.e., those who have met the minimum activity requirements) will be entered into a prize drawing for one Grand Prize winner and 50 runner-up winners.

Bonus Points: For every sale for at least \$10,000 in estimated annualized revenue, the qualified participant will have his/her name entered an additional time into the drawing. For example, a qualified participant who doesn’t make a sale for \$10,000 will have his/her name entered once in the drawing (for having completed the requirements); a qualified participant who makes one sale for \$10,000 will have his/her name entered twice (once for having completed the requirements, and once for the \$10,000 sale);

and a qualified participant who makes one sale for \$10,000 and one sale for \$20,000 will have his/her name entered three times (once for having completed the requirements, once for the \$10,000 sale, and once for the \$20,000 sale). After each quarterly season, all successful candidates who complete the criteria regardless if selected as a Grand Prize winner or a runner-up winner will earn 20 bonus points towards the Chief Marketing Officer’s Growth Award.

Additional Seasonal Rules

Participants must complete five Business Connect activities in which two activities discuss international shipping services and three activities promote USPS.com® as a resource for customer information and education about our prices and services.

To be credited, participants must document their activities in the Business Connect Data Center by 11:59 P.M. CT on September 30, 2008.

To qualify, the five business connect activities must be documented by selecting from the following dropdown options:

- Domestic Express Mail (BC Contest).
- Domestic Priority Mail (BC Contest).
- Domestic Parcel Post (BC Contest).
- International (BC Contest).

District recognition: At the end of the fourth quarterly season, each of the top three districts with the highest percentage-to-activity target attainment and each of the top three districts with the highest percentage-to-revenue target attainment (based on the Business Connect Activity/Revenue Ranking Report) will receive \$1,000 towards a district celebration.

Prizes: A drawing will be conducted after each quarterly contest period to award one Grand Prize winner and 50 runner-up winners.

After Quarter 4, a qualified participant will have his/her name entered into a drawing for the Grand Prize — a trip for two to a motor sports event in Daytona, Florida, in February 2009. Also, 50 runner-up winners will be

selected to receive a gift certificate for a prize selection of their choice (\$50 value).

For questions about “The 4 Seasons of Success” Business Connect contest, send an e-mail to BusinessConnect@usps.gov. In the subject line, include the word “Contest” and your district name (for example: “Contest — Houston District”). Manual offices that don’t have computers should contact their local district marketing manager for manual activity forms. In order to qualify for the contest, manual forms must be completed and submitted to district

offices for input into the Business Connect Data Center to meet the above contest deadlines.

For more information about “The 4 Seasons of Success” Business Connect contest, see the article about the Business Connect Postmaster Kit starting on page 22 in this issue of the *Postal Bulletin*.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word "USPS" repeated.
 - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <http://www.usps.com/missingmoneyorders/security.htm>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military Mail

Mail addressed to military post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO table below outlines these conditions by APO/FPO ZIP™ Codes through the use of footnoted mailing restrictions codes (see the Restrictions page following the table).

Acceptance clerks should use the table with the integrated retail terminal (IRT) or POS ONE terminal to deter-

mine which APO/FPO ZIP Codes are active and which conditions of mailing apply. **Acceptance clerks may contact the Military Postal Service Agency with any questions regarding APO/FPO ZIP Codes, toll free, at 800-810-6098, Monday-Friday, 0730–1600 ET.**

For Express Mail Military Service (EMMS) availability, all acceptance clerks must refer to the local hardcopy EMMS directory.

We have eliminated “Not Active” entries from the table below to save space and paper.

A. Securities, currency, or precious metals in their raw, unmanufactured state are prohibited. Official shipments are exempt from this restriction.

A1. Mail addressed to "Any Servicemember," or similar wording such as "Any Soldier," "Sailor," "Airman," or "Marine"; "Military Mail"; etc., is prohibited. Mail must be addressed to an individual or job title such as "Commander," "Commanding Officer," etc.

B. PS Form 2976-A is required for all mail weighing 16 ounces or more, with exceptions noted below. In addition, mailers must properly complete required customs documentation when mailing any potentially dutiable mail addressed to an APO or FPO regardless of weight. The following are exceptions to the requirement for customs documentation on nondutiable mail that weighs 16 ounces or more:

- Known mailers are exempt from providing customs documentation on non-dutiable letters, and printed matter weighing 16 ounces or more. (A known mailer is anyone who legally applies a permit imprint to a mailpiece. Mail with meter postage is not considered to be from a known mailer.)
- All federal, state, and local government agencies are exempt from providing customs documentation on mail addressed to an APO or FPO, except for those APOs/FPOs to which restriction B2 applies.
- Prepaid mail from military contractors is exempt, providing the mailpiece is endorsed "Contents for Official Use — Exempt from Customs Requirements."

B1. PS Form 2976 or 2976-A is required. Articles are liable for customs duty and/or purchase tax unless they are bona fide gifts intended for use by military personnel or their dependents. When the contents of a parcel meet these requirements, the mailer must endorse the customs form, "Certified to be a bona fide gift, personal effects, or items for personal use of military personnel and dependents," under the heading, Description of Contents. **Exceptions:** All other exceptions listed in restriction B above are applicable to this restriction.

Missing Children Poster Display Instructions

Post Offices, classified stations, branches, and contract postal units may display this poster at their option. If the poster is displayed, it should be placed on the community bulletin board located in the Post Office™ box lobby and not in the main retail (full service) lobby. Alternatively, Missing Children posters can be maintained in a binder behind the counter to be used as a reference guide. The posters also may be posted in a prominent location where letter carriers will be able to see them before or after they go out on their routes. Making this information available to letter carriers is consistent with the NALC/USPS Child Alert Program to facilitate identification of missing children.

Companion posters, authorized for display on bulletin boards maintained by employee organizations, appear periodically in *The Postal Record*, a publication for members of the National Association of Letter Carriers.

This poster is published in cooperation with the National Center for Missing and Exploited Children, the United States Department of Justice, and the National Association of Letter Carriers. Information appearing on this poster is selected solely by the National Center for Missing and Exploited Children (NCMEC).

In addition to *Postal Bulletin* updates, NCMEC distributes information periodically. Notification of newly reported missing children is sent to designated district “Missing Children” coordinators via e-mail addresses provided by district managers. Within 24 hours of receipt of an e-mailed Missing Children poster, district coordinators should distribute copies to all Postal Service™ facilities in their districts. Missing Children posters are to be displayed as noted above for 30 days unless notification is received (from NCMEC) to remove a particular poster sooner. The e-mail network is used to distribute posters and information in only the most urgent cases of missing children. This system supplements, but does not replace, the missing children information in this *Postal Bulletin*.

Missing Children posters are available to the U.S. Postal Service® only as described above. If Postal Service employees are contacted by individuals or local agencies about displaying a sign or poster of a missing child in local Post Offices, the individual or agency should be politely informed that the U.S. Postal Service displays only those posters provided by NCMEC, because it has been designated by the U.S. Department of Justice to be the national clearinghouse and resource center for missing and exploited children. The individual or agency should then be referred to NCMEC at 800-843-5678.

If you have any information, or for free prevention tips, please call 800-THE-LOST (800-843-5678).

New First Day of Sale Postmarking Service

Effective July 17, 2008, a new first day of sale postmarking service is available to collectors upon request. At the request of stamp and commemorative cover collectors nationwide, this postmarking service was created and will now be implemented as an official postmark. Participation by postmasters/Post Offices™ in this postmarking service is voluntary; however, postmasters/Post Offices are encouraged to participate.

Since January 2007, all new stamps and stationery items go on sale nationwide on the official first day of issue date. Typically, with each new stamp and stationery item, one official first day of issue city provides collectors with an official first day of issue postmark. For all other Post Offices (other than the official first day of issue city), this new first day of sale postmark will now be available for use.

The first day of sale postmark will not only support the hobby of stamp collecting but will assist postmasters in promoting the sale of new stamps and stationery items. Stamp collectors will now be able to collect official first day of sale postmarks on commemorative envelopes.

Postmasters are encouraged to participate in the new first day of sale postmark program.

How to Order First Day of Sale Postmarks

Postmasters participating in first day of sale postmarking should order their postmarking devices using PS Form 1567, *Requisition for Rubber and Steel Hand Canceling Stamps*, (see pages 54 and 55) and by calling the rubber stamp hotline at 800-332-0317 (press option 4); or postmasters may directly contact the awarded supplier, The Baumgarten Company of Washington, DC, at 888-852-3852. Postmasters should allow 30 days for the vendor to provide the postmarking device.

First Day of Sale Postmarking Devices

The first day of sale postmark is available in two formats:

Size A. Self-inking hand-changeable date stamp for Post Offices with 13 or fewer characters in their Post Office name (characters include the comma and space between the Post Office name and its state abbreviation).

Self-Inking Hand Stamp PSIN 711D 7520-10-000-6365

(13 characters maximum in city and state including spaces and commas)

Size B. Rubber composition hand-changeable date stamp for Post Offices with more than 13 characters in their Post Office name (characters include the comma and space between the Post Office name and its state abbreviation).

Rubber Hand Stamp PSIN 711E 7520-10-000-6488

(More than 13 characters in city and state including spaces and commas)

See *Postal Operations Manual* (POM) Chapter 2, Philately, for more information about philatelic postmarks.

Postmark Servicing and Support to Collectors

First day of sale postmarking service may be provided when such service does not interfere with other retail sales or mail processing operations, and/or does not inconvenience other customers. Postmasters may, at their discretion, offer collectors either hand-back or mail-back service and/or arrange for a date/time with the collector for drop-off and pick-up service.

Customers will have 90 days for the official first day of issuance date to obtain first day of sale postmarks on new stamps and stationery items. Collectors should contact the Post Office from which they are requesting a first day of sale postmark to verify that a specific Post Office participates in the first day of sale postmarking program. Collectors may request a first day of sale postmark in person or by mail to the postmaster. There is no charge for servicing of first day of sale postmarks up to 50 covers. Mail-in customers must supply a self-addressed envelope with sufficient return postage applied to return the serviced covers.

All new stamps and stationery items are announced in the *Postal Bulletin* and through news releases distributed to the press and to philatelic periodicals. No national listing of Post Offices participating in first day of sale postmarking will be maintained. Customers/collectors will have to contact individual postmasters/Post Offices individually to find out if they are participating in the postmarking service. Postmasters wishing to promote this program locally will need to contact their local Corporate Communications office for assistance.

Customers wishing to obtain a postmark should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: PICTORIAL POSTMARKS, followed by the NAME OF THE STATION, ADDRESS, CITY, STATE, ZIP+4® CODE, exactly as listed below (using all capitals and no punctuation, except the hyphen in the ZIP+4 code).

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

How to Order the First Day of Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first day of issue postmarks by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, or at The Postal Store® Web site at www.usps.com/shop.

Traditional Postmarks

Customers should affix the stamps to envelopes of their choice, address them to themselves or others, or provide a self-addressed return envelope with sufficient postage large enough to accommodate the canceled item. Mail the request to the corresponding city of issuance. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers should submit a check, money order, or credit card for payment. After applying the first day of issue postmark, the Postal Service™ will return the envelopes to the customer by U.S. Mail.

All postmark requests should go to the first day of issue city. The first day of issue city Post Office will then forward in bulk all postmark requests to Cancellation Services, Stamp Fulfillment Services, P.O. Box 449992, Kansas City, MO 64144-9992 by respective Post Offices.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as "laser safe." The Postal Service recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16" side seams with no glue on the flap. The maximum

size of all digital color postmarks is 2" high x 4" long. Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers should submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of non-specified envelopes results in poor image quality or damage to equipment.

Customers should affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Mail the request for a first day of issue digital color postmark to the corresponding city of issuance. Post Offices will then forward all customer requests for digital color postmarks to Cancellation Services, Stamp Fulfillment Services, P.O. Box 449992, Kansas City, MO 64144-9992.

After applying the first day of issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail.

Recognizing and Preventing Insect Bites/Stings

Itchy, red swollen bumps on the skin are an all-too-familiar summer sign that bugs — and bug bites — are flourishing. That annoying itch may be a good sign, however.

“Itchy is normal; tender is not,” when it comes to bug bites. The main thing to watch for would be whether the bite is infected. It is normal for a bug bite to be a little red or swollen, and it may even blister. But the bite area should be more itchy than sore. If it becomes tender, that may be a sign of infection.

Other signs of possible infection are redness extending beyond the immediate bug bite, drainage of pus, or worsening, rather than improvement, of the site over time.

Antihistamines can be very effective in relieving the itch and decreasing the swelling, and topical steroids, such as hydrocortisone, also work well. Both can be found in touch sticks that can make it easier to target the affected area.

Days spent outdoors either while at work or at home can mean ant, tick, wasp, and bee stings that can be serious. Following are some of the most common bites and stings, what to watch for, and some ways to treat them.

Bee/wasp stings: Taking an antihistamine or ibuprofen immediately after being stung may help reduce the pain or swelling. People with known allergies to bee or wasp stings should seek immediate medical care, carry an epinephrine (epi) pen, and know how to use the pen.

Tick bites: It’s important to remove the embedded head of the tick from the bite. Try using a pair of tweezers and pulling back slowly or warming the tweezers to get the bug to release its head from the skin. Another method is to apply petroleum jelly, which suffocates the tick by blocking its air passages. If you see an expanding circle of redness that radiates out from the bug bite, it could be a sign of Lyme disease, and the bite needs to be evaluated by a doctor.

Spider bites: Most routine spider bites can be handled the same as other insect bites. The bite from a brown recluse spider, however, means a trip to the doctor. You’ll know because the bite will develop a central purple color within 2 to 3 days, often with a central crater or ulcer.

Insect Bite Prevention Away From Work

Prevention includes wearing long sleeves or pants if you’re venturing into wooded areas or fields where bugs are likely. An insect repellent with DEET (less than 10 percent is generally considered safe for children) is the most effective and can also be sprayed on clothes. Avoid applying it to areas (hands or face) where children might ingest it. For infants, it is best to protect them with clothing or mosquito netting.

Insect Bite Prevention at Work

Take the time to check for bees, wasps, hornets, or spiders that may be nesting inside or around your customer’s mailbox. If you do encounter nesting insects, report the potential hazard to your supervisor or postmaster and ask that he/she contacts the customer to remove the insects.

The purpose and intent of the above information is to assist and promote timely employee safety awareness — both on-the-job and off-the-job. It is not to be construed as new postal policy.

Fight Crime and Save Money!

The crime of counterfeiting currency is as old as money itself. Don't let counterfeiting hurt our customers and the Postal Service's™ bottom line. Recent developments in computer and printer technology have made the production of counterfeit currency and money orders relatively easy, thereby increasing the potential threat every day.

The Eastern Services CMC — Windsor and our strategic partner for office supplies, OfficeMax, have the solution: the Counterfeit Detector System, eBay Item No. A41620300. The system activates UV ink found on any US currency, money orders, credit cards, driver's licenses, traveler's checks, and other UV-impregnated items. Best of

all, for the months of June and July, OfficeMax has lowered the price to \$31.95 each with next-day delivery.

Remember to follow the USPS® guidelines in Publication 348, *Window Services Crime Prevention Booklet*, when confronted with phony or altered currency. You can find that booklet at <http://blue.usps.gov/cpim/ftp/pubs/pub348.pdf>.

The counterfeit currency detectors are available under the OfficeMax eBay catalog or by calling direct at 888-229-8777.

New Rubber Bands From Alliance Rubber Products

The Eastern Services CMC — Windsor is proud to announce the addition of two new rubber bands to the Alliance Rubber catalog offering on eBay.

- #18 — 3" length x 1/16" width, sold in 25 lb. cases at \$53.00 per case, Item No.14184.
- #32 — 3" length x 1/8" width, sold in 25 lb. cases at \$53.00 per case, Item No.14324.

Alliance Rubber continues to sell the all-time favorite #64 rubber band used throughout the Postal Service™, and is the preferred rubber band of bulk mailers nationwide. The #64 rubber band, Item No. 7510013683495, is sold in 50 lb. cases at \$79.00 per case.

In addition, don't forget the recently introduced big, red rubber band coming in at 7" length x 1/4" width, Item No. 7510080001682, sold in 25 lb. cases at \$53.00 per case. These larger bands are perfect for applications where a smaller band won't do.

When ordering, please review the descriptions carefully. Make sure you order the correct rubber band. If the wrong band is ordered by mistake, you will be responsible for all shipping charges incurred to your facility.

Remember Alliance Rubber is a small women-owned business, and the rubber bands are manufactured in Hot Springs Arkansas — right here in the USA! Buy American, buy Alliance Rubber!

U.S. Stamp & Sign for Business Cards and Rubber Stamps

The Eastern Services Category Management Center would like to remind you of our strategic partnership with U.S. Stamp & Sign and their online ordering solution for business cards and rubber stamps on www.stamptheworld.com.

If you haven't tried the site, we encourage you to visit, register, and view the large selection of authorized products. You'll find the site to be very user friendly and informative. Simply select from the stock or custom products available, input your customized information, view a proof, and add accessories all with a few key strokes.

Originally launched in November 2006, the site has been continually updated to include new products and process improvements. In addition, the Web site is Section 508 of the Disabilities Act compliant and has passed all USPS® security requirements.

While thousands of postal employees are familiar with U.S. Stamp & Sign for their printing of official USPS business cards, many have yet to consider U.S. Stamp & Sign for their internal stamp requirements. If you need a self-inking, rubber, pre-inked, or virtually any other hand stamp, U.S. Stamp & Sign can help.

We are confident you'll find their pricing to be very competitive, thus providing savings for your budget and USPS. All orders ship via U.S. Postal Service®; and you can determine the exact postage for your order by using the online postage calculator. The postage calculator uses *exact USPS rates* to your destination ZIP™ Code. No inflated shipping and handling charges when shopping with U.S. Stamp & Sign. Shop and compare!

If you will be attending the National League of Postmasters or the National Association of Postmasters conferences in August, be sure to stop by the U.S. Stamp & Sign booth — you'll be glad you did.

For more information on this contract, see Material Logistics Bulletin #MLB-CO-08-006 at http://blue.usps.gov/purchase/operations/ops_mlb_home.htm; click 2008, then MLB-CO-08-006.
